## RESEARCH

### CODE OF ETHICS:

The institute strongly promotes biomedical research activities of students and staff. In view of this bears an "Institutional Ethical Committee" (IEC) for the same. It also offers Standard Operating Procedures to be followed in order to take up any type of research activity. The objective of Standard Operating Procedure (SOP) is to ensure quality and consistency in review of clinical research proposals and to follow the ICMR and national ethical guidelines for biomedical research on human subjects.

The institute formulates a booklet for "Code of ethics" which explains all the principles of research activities.

All the research proposals including PG dissertations, UG STR proposals, Teachers LTR proposals, ICMR proposals, Teachers departmental projects, any other projects of students or teachers for external fundings is reviewed by the IEC and progressively corrected if needed and then approved for conduct.

Annually two PTM's are held for the purpose.

The Committee is responsible to be updated with student's performance, internal assessment marks, other issues related to the students & performs over parent's suggestions to improve students overall well being.

## THE ANTIRAGGING POLICY

The institute strictly does not promote ragging activities of any form. The institute bears an "Anti-ragging Committee" & an "Anti-ragging Squad" to keep a check on ragging activities. An anti-ragging brochure is distributed to each student which enables a student to understand that ragging is an offense and that is a punishable activity. Banners & flex boards are displayed in community places like canteens, messes & dining halls. They are also displayed in all the hostels. The brochure majorly explains the acts of ragging, action taken against the accused and antiragging rules and regulations laid down by the Honourable Supreme Court. The "Anti-ragging Committee" functions according to the institutional standard operating procedures.

## QUALITY ASSURANCE
