## INTRODUCTION

Dr. Vithalrao Vikhe Patil Foundation's Medical College was established at Ahmednagar in 2004 under the outstanding leadership of Late Dr Balasaheb Vikhe Patil (Padmabhushan Awardee). Presently, institute has world-class infrastructure and provides high-quality medical education to students with the constant guidance and support of Hon. Namdar Radhakrishna Vikhe Patil, Chairman, Dr Vithalrao Vikhe Patil Foundation, Ahmednagar and Hon. Dr Sujay Radhakrishna Vikhe Patil, CEO, Dr. Vithalrao Vikhe Patil Foundation, Ahmednagar. The institute is recognized by the Medical Council of India, New Delhi and is affiliated to Maharashtra University of Health Sciences, Nashik.

The department of Pharmacology was started in the year 2004 under the guidance of great academician Dr Bahat S.H. Sir and presently headed by Dr Kiran Vakade. The department has been gradually upgraded to present status by experienced faculty. First undergraduate batch in 2004 had a capacity of 100 seats, and now it is 150 seats. The postgraduate program was started in 2011. It obtained recognition in 2014.

The Department of Pharmacology is involved in teaching Pharmacology to undergraduate MBBS, physiotherapy, nursing students. The Department of Pharmacology plays a vital role in the educational and research missions of the institute.

## VISION MISSION

### Vision

- To provide Evidence Based Education & Need Based Research in Pharmacology

### Mission

- To provide excellent teaching and training of the undergraduates and postgraduates.
- To provide knowledge of rational drug therapy, its importance and its application to the undergraduates.
- To train the medical graduates with knowledge of correct prescription writing and its medico- legal importance.
- To enhance and improve the research activities in pre-clinical and clinical pharmacology.

## ROLE OF DEPARTMENT OF PHARMACOLOGY

### Academics

- The department of Pharmacology was established in the year 2004.
- The department is involved in teaching activity to various courses like MBBS (U.G), Physiotherapy, nursing.

### For MBBS Students

- The goal of teaching undergraduate students in Pharmacology is to develop the rational and scientific basis of therapeutics into clinical practice. Also, to enable students capable of using drugs in clinical practice with scientific awareness by means of integrated teaching with clinical and pre-clinical departments.
- The students are also taken to industrial visits during their course for giving a practical awareness on the manufacturing of various forms of drug formulations.
- Students are also encouraged in bilateral participation in academics by conducting Seminars and Quiz competitions.

## OBJECTIVES

### A. Knowledge skills

At the end of the course, the student should be able to:

- Know the general principles of pharmacokinetics and pharmacodynamics of drugs in children, elderly, lactating and pregnant women and those having a renal and/or hepatic disease and genetic variations.
- Prescribe drugs rationally based on suitability, tolerability, efficacy and cost.
- Understand National Health Programs and emergency medical conditions management.
- Foresee, prevent and manage adverse drug events and drug interactions.
- Understand and implement the concepts of essential medicines, pharmacoconomics and evidence-based medicine for improving community health care.
- Describe the clinical presentation and management of common poisoning including bites and stings.

- Understand the basic concepts of new drug development with emphasis on the design and conduct of clinical trials and interpretation of their results.

## **B. Psychomotor skills**

At the end of the course, the student should be able to:

- Write a correct, complete and legible prescription for common ailments, including those in the National health Programs and emergency medical conditions.
- Calculate the drug dosage using appropriate formulae for an individual patient.
- Administer the required dose of different drug formulations using appropriate devices and techniques (e.g. injections, inhalers, transdermal patches etc.).
- Advise and interpret the therapeutic monitoring reports of important drugs.
- Identify, analyze and report adverse drug reactions to appropriate authorities.
- Retrieve drug information from appropriate sources.
- Analyze critically drug promotional literature in terms of pharmacological actions of the ingredients, rational/irrational nature of the preparation, economics of the use and claims by the pharmaceutical companies.
- Interpret data from in-vitro and in-vivo experiments designed to study the effect of drugs in animals and human beings

## **C. Attitude and communication skills**

- Communicate with the patient regarding optimal use of drug therapy, devices and storage of medicines.
- Follow and implement the current drug treatment guidelines laid down for common diseases, including those covered under the National Health Programs and emergency medical conditions and be capable of initiating and monitoring the treatment, recording progress and assessing the outcome.
- Motivate patients with chronic diseases to adhere to the line of management as outlined by the health care provider.
- Appreciate the relationship between the cost of treatment and patient compliance. Exercise caution in prescribing drugs likely to produce dependence and recommend the line of management.
- Understand the legal and ethical aspects of prescribing drugs.

- Evaluate the ethics, scientific procedures, social and legal implications involved in the development and introduction of new drugs.

## ROLE OF DEPARTMENT

At the end of the course, it is the responsibility of the department that the student should be able to:

- Diagnose and manage common health problems of the individual and the community, commensurate with his/her position as a member of the health team at the primary, secondary or tertiary levels, using his/her clinical skills based on history, physical examination and relevant investigations.
- Appreciate and apply the practice of rationale for different therapeutic modalities and get familiar with the administration of the "essential drugs" and their common side effects.
- Appreciate the socio-psychological, cultural, economic and environmental factors affecting health and develop a humane attitude towards the patients in discharging one's professional responsibilities.
- Familiar with the various National Health Programs and the ways in which they are being implemented. (With respect to Nursing curriculum).
- As a part of new CBME guidelines, it is the utmost responsibility to teach and demonstrate communication skills, both verbal and written to establish effective communication with the clients (patients, relatives, and general public), health team partners, and scientific community.
- Develop attitude for self-learning and acquire necessary skills, including the use of appropriate technologies, for pursuing self-directed learning for a lifetime.

## Allied Health Sciences

Teaching for Physiotherapy, Nursing, and CCMP (Modern Pharmacology) courses is also done by the department and training is given on handling of various drugs on human organ systems.

### CO & EXTRACURRICULAR ACTIVITIES

- We have been conducting Ganpati festival annually and having active participation for promoting overall personality development and inculcating social values of unity and leadership among undergraduate students.
- Short talks and discussions on various topics of teaching curriculum and sessions to update about recent drug updates and drug regulations are conducted to increase the zeal and as efficient learning modality.
- Role playing and case discussions to understand the minutes of clinical care.
- For overall development of personality the faculty members are themselves showing active involvement in sports and outdoor games and promoting the participation of students to promote a healthy balanced culture of study and sports.

## INFRASTRUCTURE OF DEPARTMENT

Sr. No.	Specification	Area as per NMC norm
1.	Professor & HOD	40.79 Sq. Meters
2.	Associate Professor. – 1	22.28 Sq. Meters
3.	Associate Professor – 2	18.05 Sq. Meters
4.	Assistant Professor. – 1	16.52 Sq. Meters
5.	Assistant. professor – 2	16.69 Sq. Meters
6.	Assistant professor- 3	13.88 Sq. Meters
7.	Assistant professor -4	15.44 Sq. Meters
8.	Tutor 1 & 2	18.37 Sq. Meters
9.	Tutor 3 & 4	18.37 Sq. Meters
10.	Tutor 5	9.61 Sq. Meters
11	Tutor 6	10.23 Sq. Meters
12	Dept. Office	16.86 Sq. Meters
13	Museum	148.59 Sq. Meters
14	Clinical pharmacology	201.10 Sq. Meters
15	Research Lab	49.53 Sq. Meters
16	Skill Lab	318.66 Sq. Meters
17	Demonstration Room - I	123.12 Sq. Meters
18	Demonstration Room -II	123.12 Sq. Meters
19	Seminar Room/ Library	41.54 Sq. Meters
20	Computer Assisted Learning Lab	87.70 Sq. Meters
21	Non-Teaching Staff	12.00 Sq. Meters
22	Animal holding area	11.06 Sq. Meters

## TEACHING STAFF LIST

Sr. No.	Name	Designation & Promotions	Joining date Promotion date	Registration No. & Date	Name of the Council
1.	Dr. Vakade K.P.	Professor and Head Professor Associate Professor Professor Assistant Professor	10.12.21 02.09.2020 19.01.2017 08.01.2013	R. No. 2007/10/3600 Dated 19/10/2007	Maharashtra Medical Council, Mumbai.
2.	Dr. Choure B.K.	Associate Professor Assistant Professor	15.11.2019 13.08.2019	R. No. 2008/04/1637 Dated 24/04/2008	Maharashtra Medical Council, Mumbai.

**ANAEMIA  
IN  
PREGNANCY**

- Anaemia is also the most common indirect cause of maternal mortality
- Anaemia will worsen the capacity to tolerate blood loss.
- Most common type of anaemia in pregnancy is dimorphic anaemia, that is combination of vitamin B12 and Folic acid and iron deficiency anaemia.
- Vitamin B12 and Folic acid deficiency because of malnutrition and
- Iron deficiency anaemia -microcytic hypochromic anaemia
- Vitamin B12 deficiency causes megaloblastic or macrocytic anaemia
- Most common cause of anaemia is nutritional deficiency or malnutrition

(57) Abstract :

The present disclosure relates to a composition to remedy the oxidative stress in pregnancy induced one or more of hypertension and preeclampsia. The present disclosure provides a synergistic pharmaceutical composition comprising one or more herbal ingredient selected from a processed leaves material of Ocimum sanctum and a processed roots material of Asperagus racemosus; an antioxidant; and one or more antihypertensive agent(s) selected from nifedipine and methyldopa.

## PAPER AND POSTER PRESENTATION BY THE FACULTY

No	Title of the paper presentation	Presented at	Presented by
1.	Oxidation stress in PIH: Role of Shatavari and Tulsi	International Ayurveda Research Conference 2016	Dr. Jahir Mujawar
2.	Evaluation of the effect of herbal combination of Triphala extract and Garcinia cambogia extract in an experimental model of high fat diet induced obesity in rats	A conference of the Clinical Scientists on research in Basic Medical Sciences, 2019	Dr. Vijay Kumar
3.	Drug utilization study of antihypertensive drugs at a tertiary care Hospital	IRCON-2020 at GMC & Hospital, Aurangabad,	Dr. Pritpal Singh G Ahluwalia

## NATIONAL / STATE / MUHS LEVEL APPOINTMENTS OF THE STAFF

Name of the staff	Appointments
Dr. Kiran Vakade	<ul style="list-style-type: none"> <li>• Appointed as Editorial Member of International Journal of Research in Physiology and Pharmacology, since 10.5.2019</li> <li>• Member of board of study for dental faculty, PIMS , Loni (2021-2023)</li> <li>• Appointed as Center observer for MUHS university examination</li> <li>• Appointed as Center Incharge for MUHS examination</li> <li>• Appointed as External examiner at various MUHS and other deemed universities practical examination.</li> <li>• Appointed as member secretary of IAEC by CPCSEA</li> </ul>
Dr. Balwant Choure	<ul style="list-style-type: none"> <li>• Appointed as Vigilance Squad by MUHS</li> <li>• Appointed as Center observer for MUHS university examination</li> <li>• Appointed as Center Incharge for MUHS examination</li> <li>• Appointed as External examiner at various MUHS and other deemed universities practical examination.</li> <li>• Coordinator ADR monitoring center, appointed by IPC PVPI</li> <li>• NEET appraiser appointed by NBE, New Delhi</li> </ul>
Dr. Vijay Kumar	<ul style="list-style-type: none"> <li>• Appointed as External examiner at various MUHS and other deemed universities practical examination.</li> <li>• Appointed as Center observer for MUHS university examination.</li> </ul>

## ADDITIONAL QUALIFICATION OF STAFF

Name of the staff	Additional Qualification
Dr. Kiran Vakade	<ul style="list-style-type: none"> <li>• Certificate Course in Evidence Based Diabetes Management (CCEBDM)</li> <li>• Certificate Course in Management of Thyroid disorder (CCMTD)</li> </ul>
Dr. Balwant Choure	<ul style="list-style-type: none"> <li>• Certificate Course: Basic Course in Biomedical Research (BCBR)</li> <li>• Certificate Course in Good Clinical Practice (GCP)</li> <li>• Certificate Course: Professional diploma in Clinical research (PDCR)</li> <li>• Advance Certificate In Clinical Trial Monitoring (Pursuing)</li> </ul>
Dr. Vijay Kumar	<ul style="list-style-type: none"> <li>• Doctor of Philosophy (Ph.D.)</li> </ul>
Dr. Jahir Mujawar	<ul style="list-style-type: none"> <li>• Doctor of Philosophy (Ph.D.)</li> </ul>
Dr. Bharat Salve	<ul style="list-style-type: none"> <li>• Certificate course in Advances in thyroid disorder Post Graduate Diploma in Clinical Endocrinology and Diabetes.</li> <li>• Certificate course "Masterclasses in Hypertension.</li> <li>• Post Graduate Diploma in Cardiology.</li> <li>• An Advanced course in ECG interpretation</li> </ul>
Dr. Pritpal Singh G Ahluwalia	<ul style="list-style-type: none"> <li>• Certificate Course: Basic Course in Biomedical Research (BCBR)</li> <li>• Advanced Good Clinical Practice Certificate Course</li> </ul>

This certificate is computer generated and can be verified by scanning the QR code given below.  
This will display the certificate from the NPTEL repository, <https://nptel.ac.in/noc/>

Roll No: NPTEL21MD04S13110137

To  
DR BALWANT KISANRAO CHOURE  
C/O DEPT OF PHARMACOLOGY  
VIKHE PATIL MEDICAL COLLEGE, AHMEDNAGAR  
AHMEDNAGAR  
MAHARASHTRA - 414111  
PH. NO :8793980400

## Online Certification

This certificate is awarded to

**DR BALWANT KISANRAO CHOURE**

for successfully completing

### Basic Course in Biomedical Research

As mandated by the National Medical Commission (NMC)

With a consolidated score of **76** %

Online Assignments	92 %	Proctored Examination	71 %
--------------------	------	-----------------------	------

MAR - JUN 2021

*Manoj V Murhekar*

**Dr. Manoj V Murhekar**  
Director and Scientist G  
ICMR - National Institute of Epidemiology  
Chennai, Tamil Nadu, India

*Balram Bhargava*

**Prof. Balram Bhargava**  
Secretary to Govt. of India, Dept. of Health Research &  
Director-General, Indian Council of Medical Research  
New Delhi, India

Roll no: NPTEL21MD04S13110137

To validate and check scores: <http://nptel.ac.in/noc>

## Certificate of Completion

Awarded to

**Dr. Balwant Kisanrao Choure**  
Apr/14/034

in recognition and certification of  
having successfully completed  
all requirements of

### Professional Diploma in Clinical Research (PDCR®)

with following study modules:

Introduction to Pharmaceutical Medicine  
Good Clinical Practice (GCP) Foundations  
Drug Regulatory Affairs (Clinical Trials)  
Roles and Responsibilities of Clinical Trial Personnel

On the 10<sup>th</sup> Day of October 2014

*Sanjay Gupta*

## OFFICE OF CONTROLLER OF EXAMINATIONS

PU/COE/RT/Conf./Ph.D/2021/39

Date: 13/02/2021

### PH.D NOTIFICATION

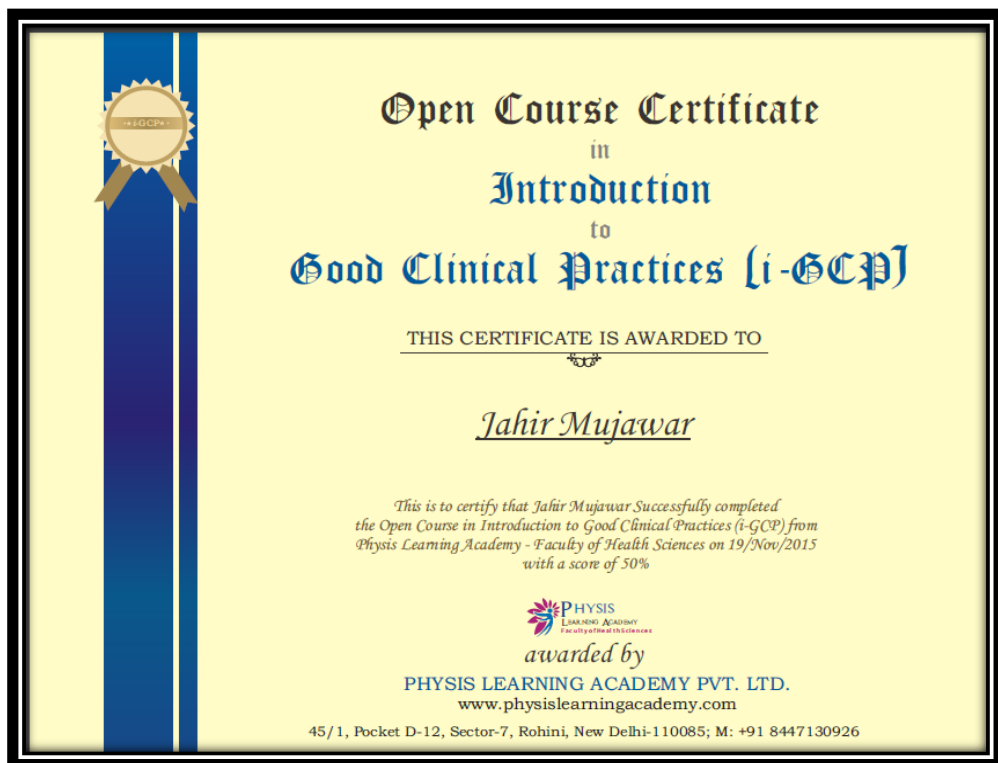

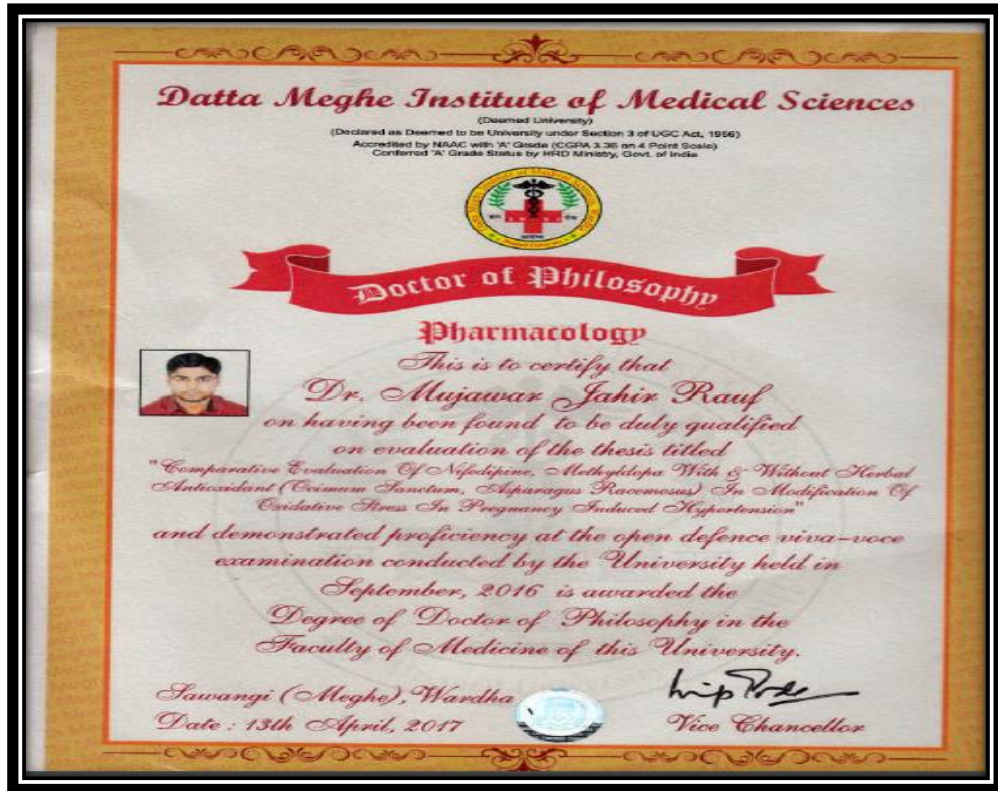

It is hereby notified that taking into account the Reports of the Examiners and Oral Defense Examination, University accepts the thesis submitted by the following candidate and accords approval for the award of the degree of "DOCTOR OF PHILOSOPHY" (Ph.D.) of People's University, Bhopal. The above Ph.D. fulfills all the criterion / conditions of Ordinance No. 41 of the University.

Enrolment No. : PU-038061501D056  
Name of Candidate : A.N.VIJAY KUMAR  
Name of Supervisor : DR.V.K. THAWANI  
Name of Co-Supervisor : DR.ABIN MANI  
Subject : MEDICAL PHARMACOLOGY  
Faculty : MEDICINE  
Title of Thesis : "EVALUATION OF THE EFFECT OF HERBAL  
COMBINATION OF TRIPHALA EXTRACT AND GARCINIA  
CAMBOGIA EXTRACT IN AN EXPERIMENTAL MODEL OF  
HIGH FAT DIET INDUCED OBESITY IN RATS"  
Registration No. : Ph.D/UDC/Regn/Med/17/07 Date- 28.01.2017  
Date of Oral Defense Exam : 10.02.2021

  
CONTROLLER OF EXAMINATIONS

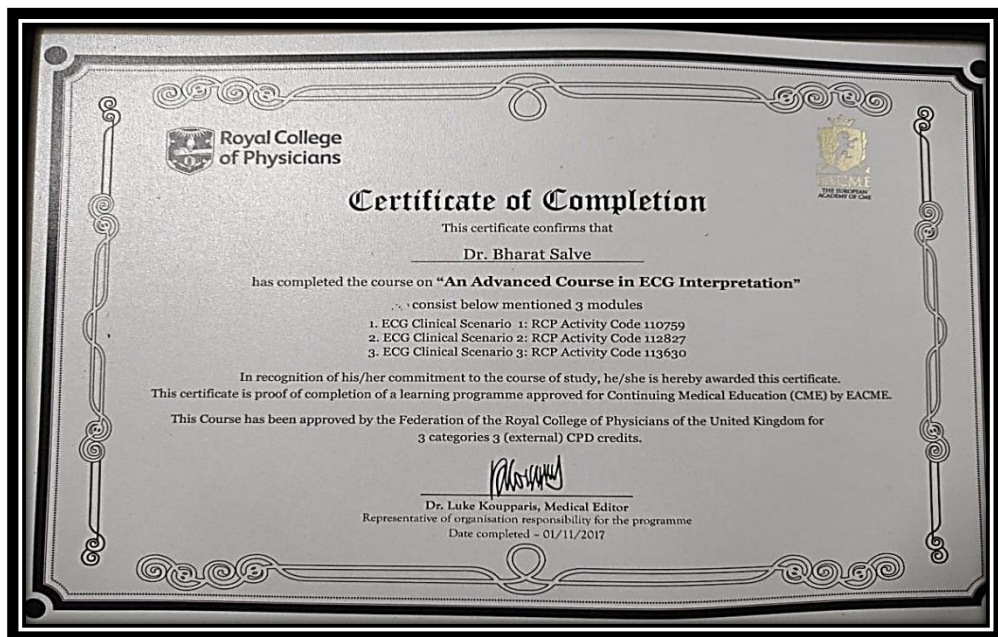

#### CC:

1. Hon'ble Chancellor, PU
2. Hon'ble Vice Chancellor, PU
3. Director Academics, PU
4. Registrar, PU
5. DAA, PU
6. Dean Faculty of MEDICINE
7. HOI, PCMS&RC
8. HOD, Pharmacology, Dr. V.K. Yadav
9. Co-Supervisor: Dr. Abin Mani
10. Candidate: A.N.VIJAY KUMAR

## Online Certification

This certificate is awarded to

**DR PRITPAL SINGH G AHLUWALIA**

for successfully completing

### Basic Course in Biomedical Research

As mandated by the National Medical Commission (NMC)

**With a consolidated score of 81 %**

## RESOURCE PERSON / FACULTY / GUEST SPEAKER AT VARIOUS WEBINARS:

Date	Topic	Name of faculty
6/04/21	Bioethics in clinical research	Dr. Balwant Choure
23/07/21	Gen. 2 Basal circuit breaker for the vicious cycle of hyper hypoglycemia	Dr. Bharat Salve
28/04/21	Bioethics in clinical research	Dr. Balwant Choure
24/08/21	Antidiabetic drugs	Dr. Kiran Vakade
24/08/21	Pathophysiology of diabetes	Dr. Balwant Choure
24/08/21	Various guidelines for the management of diabetes	Dr. Bharat Salve
14/09/21	Right Insulin Injection Technique	Dr. Bharat Salve
18/10/21	SGLT-2 inhibitor – A therapeutic option across the continuum of type 2 diabetes	Dr. Bharat Salve
19/ 11/21	Thyroid and Diabetes	Dr. Bharat Salve

## FUTURE PLAN

- To develop Pharmacovigilance Center.
- To develop museum and skill lab.
- To conduct various programs to increase the awareness regarding rational use of drugs.
- To start an antibiotic stewardship program for the appropriate use of antibiotics.
